

IZZU ROCKS

OFFICIAL EPK

BIOGRAPHY

"Grunge band who love Brit Rock and feel in their bones the stresses of the working class life"

Grunge, raw, melodic power - these are the elements that described the band known as Izzy Rocks..

Released in 2017, the Metamorphosis Ep was an initial side solo project of frontman Izzy.

This project idea was eventually metamorphosized to a band with the presence of like minded grunge rock musicians, many of whom shared Izzy's similar passion for Brit Rock.

Collective individuals who choose grunge music to express the stresses of the daily grind of the urban jungle. Izzy Rock's music centres around the global scale working class and the never-ending struggles they face daily. The band's signature sound features ferocious distorted guitars, heart thumping basslines and drums mashed with a Brit rock style vocal delivery. Very reminiscent of the punk movement and the Seattle sound of the late 80s and early 90s.

The band current line-up consists of Izzy (Bass/Vocals), Yan Antonio (Guitars) and Den Shah (Drums).

Hard rocking, punchy yet containing melodic, thoughtful, sing-along like lyrics. This is **IZZY ROCKS!**

2021 : RAY OF HOPE

Another collaboration track with veteran musician Farid Long. 2021 : Ray of Hope is the Part 2 of "2020 : Light At The End Of The Tunnel" which was released previously. A more positive spin compared to the latter and a song that gives hope to everyone based on the aftermath.

Collaboration track with veteran musician Farid Long . "2020 : Light at the end of the tunnel" is a song about hope hope in the midst of pandemic and the issues facing mankind in the year 2020.

DISCOGRAPHY

A remake of the song written by Izzy in 2003. A stalker cum love story with a happy ending. Something you don't see happen very often. Grunge melodies that will keep playing in your brain.

"Society" brings back 90s grunge sound back to life. Similar to the sounds of Nirvana, "Society" is a song about descrimination - more importantly towards Rock and Metal music listeners in general by the music masses.

With Covid-19 hitting everyone in a blast, "Social Distancing" is positive-vibe song, a song for everyone to play their part in social distancing. The song was written and recorded in a week just days before the circuit breaker hits Singapore. This song meant for all human kind in hoping for a better day without this disease.

"The CD Song" is a song about a guy who was dumped by his girlfriend after he can only last 31 seconds in bed. The cover art of Hotel 81, a famous Singapore landmark, makes the storyline ever more intriguing to the listeners of the song.

"Indecisive Ways" was originally written and released for Izzy's former band 6 Overdrive and it appeared in their concept album "The Story Of Jane" back in 2019. The song was written about situations one tend to feel when the mind and heart went bi-polar opposite whilst making a decision.

"Metamorphosis" is the birth of Izzy Rocks. The EP managed to capture punk and grunge sounds meshed with brit rock vocals with lyrics that talked about everyday life. The combination of two unlikely genres are mixed and mould into one unique flavour. Singles like Sunny Day, Now What and The One Thing are tracks that can relate once you heard the lyrics of
